attending this session.

Quality and Metrics: Assessing and Improving the Quality of Stroke Care

Oct. 26, 2016 (DR) | 12 PM ET/ 9 AM PT | 3 PM ET/ 12 PM PT

Dec. 8, 2016 (MD) | 12 PM ET/ 9 AM PT | 3 PM ET/ 12 PM PT

OBJECTIVES

1. Discuss the importance of capturing quality metrics and instituting quality improvement programs
2. Describe why tracking All-AIS treatment rate can provide a broader assessment of your stroke program
3. Consider different ways to optimize stroke processes and assess for missed eligible patients
4. Discuss simple and effective methods to communicate program insights to your team
