

BE A STROKE SUPER HERO!

WHAT IS A STROKE?

Stroke happens when blood (and oxygen) can't get to the brain because of a blood clot or broken blood vessel.

BE FAST

KNOW THE SUDDEN SIGNS OF STROKE

- B** Off **B**alance or dizzy
- E** Vision (**E**ye) changes
- F** Face drooping
- A** Arm weak or numb
- S** Speech slurred
- T** Time to call 9-1-1

FASTER TREATMENT = LESS BRAIN DAMAGE

- **Call 9-1-1** for fast treatment or get stroke patient to the hospital as quickly as possible
- **Stroke is treatable** and the faster the person can get treatment at the hospital, the less likely they are to die or have a disability (like being unable to walk or talk), from the stroke.

VOICE COMMAND

- Say:
- OK Google, call 911
 - Hey Siri, call 911

LOCKED PHONE

- Swipe up or touch the Home button
- Touch Emergency
- Dial 911
